Community Development Block Grant 2008-DI-85

**February 21, 2020
315 Lemay Ferry Road**

The St. Louis County Port Authority (the “Port”) will hold a public hearing at 5:00 P.M. on Friday, February 21, 2020, at the STL Venture Works office located at 315 Lemay Ferry Road, MO 63125, to discuss the “Lemay Streetscape Project” improvements. The project is funded by Community Development Block Grant 2008-DI-85. Project activities funded through the grant include the installation of new sidewalks, decorative street lighting, identifying signage, and raingardens to reduce flooding along a ¾-mile corridor of Lemay Ferry Road between Hoffmeister and Military. The grant also funded the installation of approximately 800 feet of new storm water piping beginning at the intersection of Regina and Horn, which helps to reduce flooding and has also facilitated new commercial construction. All interested citizens and groups are encouraged to attend the scheduled hearing.
