

## **Addendum #2 to** **Request for Proposals**

### **BID PACKAGE #2 FOR DEMOLITION SERVICES IN THE CITY OF KINLOCH, MISSOURI**

**Date:** February 10, 2026

#### **Answers to Questions Submitted**

This addendum is intended to answer additional questions submitted related to the Request for Proposals.

- There is a significant amount of debris located adjacent to the structure at 5923 Witt Street. Can you confirm whether this material is considered part of the 5923 Witt St. property and included in the demolition scope, or if it belongs to the neighboring property, which appears to be an abandoned dump site?
  - **It is part of the neighboring property and not to be included.**
- There is a large quantity of tires located near the edge of the apparent property line at 5935 Monroe Ave. but not clearly within the structure footprint. Should these tires be included in the bid scope, or are they excluded from this project?
  - **Tires are not part of the project.**
- For this project, is concrete considered acceptable clean fill for reuse on site?
  - **No, concrete is not acceptable as clean fill for reuse on site.**

To be considered, proposals must be received no later than **February 13, 2026, at 10:00 AM CST**. Proposals received after the deadline identified above will not be considered.

Proposals should be sent electronically in PDF by email to [skroner@stlpartnership.com](mailto:skroner@stlpartnership.com).

**No other provisions of the RFP are affected by this addendum. All other terms and conditions from the RFP shall remain in effect. Revisions shall be made only by written addenda. Respondents shall bear the entire responsibility for ensuring that they have received any and all addenda. After the proposals have been received, claims that the respondent had incomplete information will not be considered.**
