The Community Investment team works with St. Louis City and County to help businesses grow. We work with municipalities to help them create sustainable communities through economic growth.

We are intentional about equitable economic development and work to ensure that our under-served communities have access to the resources that they need to thrive.

Building What's Next: Together

Welcome to 2026! As we step into a new year, we do so with excitement, gratitude, and a renewed commitment to the people and places that make our communities strong.

The start of a new year offers a moment to reflect on where we've been, while also looking ahead with intention toward what's possible when we continue to show up for one another.

January also brings the observance of **Dr. Martin Luther King Jr. Day, a time rooted in service and unity. To help connect residents, partners, and families, we have compiled a list of MLK celebrations and events happening throughout the region.** These gatherings provide space to come together, reflect, serve, and continue the work of building stronger, more connected communities.

As we move forward in 2026, we are also taking an important step by rebranding the Promise Zone newsletter. This refresh is about more than a new look—it's about ensuring this space truly reflects the voices, priorities, and lived experiences of the community.

We will be asking for your input as we shape this next chapter, because this newsletter is strongest when it is informed by the people it represents.

Thank you for being part of this journey with us. We look forward to another year of collaboration, listening, and collective impact—and to building what's next, together.

Say that I was a drum major for peace. I was a drum major for righteousness.” Inspired by these words, we aim to recognize individuals in the WashU Medicine community who embody Dr. King's spirit by leading community-wide service projects, serving as mentors, and standing up against injustices. The Drum Major Award Ceremony will celebrate these upstanders in 2026 with refreshments, snacks, photo booths, and more. Food will be provided, and all are welcome to join us in honoring and celebrating Drum Majors across our campus community!
